

Inclement Weather Procedures for Mosinee School District Teaching Staff

During the school year, a District Administrator may call school off due to inclement weather. The District Administrator may also make the decision to start school at a later time during the school day or to release school early due to bad weather. Below is a list of requirements for the teaching staff when school is closed due to inclement weather.

School Closing

Teachers will not be expected to report to work on days that school is closed due to inclement weather. Teachers may be expected to make up days at the end of the school year to provide the number of student teacher hours required by the State.

Late start days due to bad weather

Teachers should report to school 30 minutes prior to the time that students are required to arrive due to the late start because of bad weather.

Early release due to bad weather

Teachers will be notified by email and by an announcement that school will be released early. Teachers will be expected to stay until students have left the building and school buses have departed.

Below is a list of stations that you should listen to for school closings.
