#### ➤ **Review Mission of MSD Wellness Committee**

- **District Policy** (Review, Revise, and/or Develop Policy Goals)
- **The wellness committee reviewed the district policy**
- **Wellness Committee would like to put together the highlighted points of the policy for the entire staff**
- Updates
  - **The policy was updated in 2014**
    - **Fundraisers can be exempt from the policy each club can have only 2 exempted fundraisers**
    - **We need to address Number 2 under District Nutritional Policy and Guidelines for giving treats to kids**

- The use of recess time should not be taken away for students that have to make up classwork/discipline
- Take a look at 12b the policy that says that all water bottles need to be clear. We don't believe they need to be.

➤ **Evaluate Implementation and Progress**

○ **Local Wellness Policy Report Card**

- The Wellness Committee went through the DPI Survey in order to get a score for the report card.
- The Mosinee School District earned a 2.39 out of 3
  - Ratings are based on a four point scale to measure success in meeting/complying with each objective.
  - 0 = Objective not met/no activities completed
  - 1 = Objective partially met/some activities completed
  - 2 = Objective mostly met/multiple activities completed
  - 3 = Objective met/all activities completed

**3. Results Oriented: reviewing our student learning data**

*We should always be looking at Data every time we get together as a team.*

➤ **No Data at this time - Report Card Not Completed**

- We will need to set date and time for this to be accomplished during the 2016-2017 School Year.
  - The committee completed the survey for the report card score during the meeting. Results have been posted above.
  - The Wellness Committee will meet in the Fall to set a course for objectives for the 2016-2017 school year
  - The Wellness Committee will meet again in Spring of 2017 to accomplish the survey for the report card.

**4. Sharing our climate and culture:**

*Sharing our successes through the process.*

➤ **Success of Program**

- What are the positive gains that have been made through the program?
  - The committee discussed a number of the great things that district is currently doing, and some areas that we need to improve on.

**5. Continuous Improvement**

*We need to always think about how we can improve and grow together. Today let's think about how we can improve as a team to better serve the needs of our staff and our students?*

➤ **MSD Wellness Page on website**

- If there are things that need to be added to the wellness page then they should be sent to Danelle Ley. She will gather the materials and get them to the tech department to update the wellness page on the website.
- The link on the website needs some updating
- Many of the links on the website are to blank pages

➤ **Building Reports**

- Fundraiser Tracking
  - Each building administrator will be expected to document all fundraisers by clubs/organizations in their building. A Google Sheet will be created with tabs for each of the school buildings.

- Activities
  - No reports on activities
  - A plan was made to develop some district/building activities for the 2016-2107 school year.
- **District Wellness Coordinator**

  - We will meet in the fall of 2016 to review some initiatives for that school year.

    - Clubs/Organizations (Building Principals will inform the clubs/organizations of policies)
    - Community (Posted to website)

## 6. Reflection

*Reflection is one of the most powerful things that we can do individually and together. Each time we gather we will reflect.*

- The only way that we are going foster long lasting habits of healthy behavior is to work together as a district team.
