Classroom Personal Electronic Device Use Agreement

Mosinee High School believes there is value in students using personal technology in the classroom for academic purposes. With the allowance of electronic devices such as cellphones, ipods, ipads, tablets, notepads, and laptops, there are certain considerations and restrictions. Any use of technology that degrades the learning environment, promotes dishonesty or is used for illegal activities will be prohibited. Devices can be disruptive in the classroom in a number of ways and their use should not be abused:

- Ringtones must be turned off in class, and if on, phones must be in vibrate mode.
- Per school policy, phone calls should not be made in the classroom under any circumstance.
- Electronic devices used for music should ONLY be used during individual work time with the use of headphones or ear buds. Ear buds will NOT be shared.
- While students can listen to music, it should be school appropriate and not in video form such as Youtube.
- Students will NOT be allowed to use electronic devices during class instruction or testing.
- Social media is highly addictive and should not be used unless it is directly connected to academic content or an assignment or with permission when all class work is completed. Social media includes: Facebook, Twitter, Instagram, Vine, Pinterest, Email, Linked In, Tumblr and Youtube.
- Cameras on electronic devices will not be used unless approved by the instructor as part of a project.
- Students that have lost computer privileges or have not turned in a signed classroom use agreement cannot utilize electronic devices.
- Student use of personal electronic devices without teacher permission or other misuse or distraction is at the instructors discretion and will result in disciplinary action as follows:
  - First offense: Warning
  - Second offense: Device will be taken and held by instructor until the end of the day - at which time can be picked up by the student.
  - Third offense: Device taken and student picks up device from Assistant Principal; student will not have device privileges for the rest of the semester.
  - Fourth offense: Device taken and parent picks up device from Assistant Principal.

If such a device is being used during a quiz or test, this is considered a violation of the Academic Honesty Policy and will result in a zero earned on that test or quiz and a referral to the Assistant Principal.

Please sign below that you have read these policies. Also, have a parent/guardian sign and date it as well.

I have read and agree to the policies outlined in this Use Agreement.
